

Eko Skola Committee

SAVE ENERGY

THIS MEANS YOU!

SWITCH ME OFF CAMPAIGN

The eko skola committee, are once again relaunching the **SWITCH ME OFF CAMPAIGN**.

This campaign aims to help conserve the environment by making sure that lights and projectors in each class are switched off when not in use.

If a class fails to switch off the lights for three times, the class will have to buy a plant (**This** will help minimize the extra effect of global **warming** which would have been caused.)

Lights should only be turned on if it is dark.

RECYCLING BINS

A recycling box, should be found in each class, ONLY paper and plastic should be thrown in this bin-Tissues, juice boxes and plastic bags containing food remains, are to be thrown in the non recycling bin.

When you recycle you will be saving materials, as these will be reused.

European Week for Waste Reduction

The European Week for Waste Reduction

Takes place from the 20th-28th of November. The week is all about highlighting waste reduction activities across Europe and raising awareness of the need to reduce our waste.

Our aims should be to Reduce, Re-use and Recycle our waste.

We are going to give each student a book mark with a pledge for each student to commit herself to this cause!

POINSETTIA SALE

Poinsettias create a beautiful Christmas atmosphere. The eko skola committee, will be selling poinsettias. Order forms have already been given out. The poinsettia can be collected on Parents' day. Money collected, will be used for eko-skola fund.

If any parents would like to buy more poinsettias on Parents' Day a stand will be set up at reception.

REMEMBER that we
can all make a
difference to improve
our environment.
Start simply with
things you can
change in your
everyday life – with a
bit of practice, it's
possible for everyone
to live a more
sustainable
lifestyle. 😊

Thank you for your support and for your
co-operation towards making our school
more environmentally friendly.
